# MONETRA®

Integrated Payment Software

Retail

- **Protects sensitive data with comprehensive PA-DSS and PCI compliance**

- **Reliable, non-stop transaction processing and sophisticated, automatic communications fail-over**

- **Concurrently process all types of transactions for multiple processors and unlimited client devices**

- **Keeps your applications independent with support for all major transaction processors**

Microsoft® **Windows** · Mac · **Linux** · **solaris**
SCO · OpenBSD · freeBSD® · AIX

Reliability is essential for any business, but for retail it's critical, because your customers won't wait. Thanks to built-in, automatic failover, running Monetra® as part of your on-site POS environment gives you the ultimate reliability, enabling you to continue accepting payments and processing transactions even during network connectivity outages, then go right back to using secure, high-speed communications as soon as the network connection is restored.
